

Wynca<sup>®</sup> XHG-023

Hexamethyldisiloxane

## Product description

Structural formula:

Name: Hexamethyldisiloxane  
Molecular weight: 162.38  
Molecular formula: C<sub>6</sub>H<sub>18</sub>O<sub>2</sub>Si<sub>2</sub>  
CAS No.: 107-46-0

## Physical data

Code	XHG-023
Appearance	Colorless clear liquid
Purity	≥99.0%
Viscosity	0.65mm <sup>2</sup> /s
Density(20 C)	0.76g/cm <sup>3</sup>

These figures are only intended as a guide and should not be used in preparing specifications.

## Applications

1. Used as chemical intermediate (end-blocking agent).
2. Used as cleaning solvent.

## Package

Packed in 210L Iron Drum, Net Weight: 150KG.

## Storage and Transportation

Keeping in a dry, cool and well-ventilated place and away from direct sunlight, rain and high temperature. It can be stored for up to 12 months from its date of manufacture. Storage beyond the date specified on the label does not necessarily mean that the product is no longer usable. In this case however, the properties required for the intended use must be checked for quality assurance reasons.

Avoid leakage, collapse, fall and damage during transportation and keep out of the reach of children.

Transported as hazardous goods.  
UN No.:1993  
Dangerous Rate:3  
Package Class: II

## Product Safety

When considering the use of any WYNCA products in a particular application, review our latest Material Safety Data Sheets and ensure that the use intended can be accomplished safely. For Material Safety Data Sheets and other product safety information, contact the WYNCA sales representative. Before handling any of the products mentioned in the text, please obtain available product safety information and take necessary steps to ensure safety of use.

## Disclaim

ZHEJIANG XINAN CHEMICAL INDUSTRIAL GROUP CO.LTD believes that the information in this supplement is an accurate description of the typical uses of the product. However, as conditions and methods of use of our products are beyond our control, therefore, it is the user's responsibility to thoroughly test the product in their particular application to determine its performance, efficacy and safety. Suggestions of use shall not be taken as inducements to infringe any patent or any other intellectual property right.
